7. The successful tenderer should deposit with the Auditor, Mysore Railways, Mysore, before he signs the schedule agreement, 5 per cent of the value of the work for which the tender is accepted as security for due fulfilment of terms of the agreement.

8. The final acceptance of the tender will rest with the Superintendent, Way and Works, Mysore Railways, Mysore, who does not bind himself to accept the lowest or any tender and who further reserves to himself the right to reject without assigning any reasons therefor, any item or items of any tender or all the tenders.

9. Successful tenderers should execute within eight days of the date of notification of acceptance of tenders, the usual Railway Schedule Agreement. Failure to comply with this condition will render the contract null and void and the earnest money forfeited.

10. Work should be started within two weeks from the date of acceptance of tender and completed before the 31st May 1934 with a guaranteed monthly rate of progress. The accompanying schedule gives the approximate quantity of works and this quantity is not guaranteed.

11. The time limit specified in para 10 should be strictly adhered to and any violation of this will render the contractor liable to forfeit his 5 per cent deposit amount not as a penalty but as ascertained and liquidated damages recoverable accordingly.

12. Plans and specifications and other details of work to be done are available for inspection in the Senior Executive Engineer's Office, Mysore Railways, Mysore, where intending tenderers may call and obtain required information during office hours.

13. In all matters of dispute regarding rates, measurement, quality of work, etc., and in all disputes of any kind, the decision of the Superintendent, Way and Works, Mysore Railways, Mysore, will be final and legally binding.

14. Contractors should make their own arrangements for water required for the work and Departmental water will not be supplied.
